~~contains the names and addresses of women~~ We have sent this letter to women in the follwoing cities: Victoria, Saskatoon, Regina, also to women in Kamloops, and Port Renfrew where there are no other contacts, but where women who are isolated from organizing in cities might want to keep in touch with the network.

~~We~~ Because this letter contains names and addresses of women it's really important that it ~~not be~~ be treated with some security.

The Vancouver Committee held its first meeting this week. and it was very well attended. We talked about the reasons why women had come together to organize against the right and some of what we felt needed to be accomplished. We will be holding educational discussions on ~~the~~ who the right is and how ~~to~~ they have ben fought effectively ~~iver~~ during our next two meetings, ~~Also and~~ We also ~~of the issues at hand and the meeting we felt really~~ talked about organizing a media watch.

We hope that we'll soon hear from you as to how ~~your~~ organizing in your city is progressing. ~~Looking forward to smashing the right with your,~~
