Dear Ms. Diamond,

The Canada Council is pleased to announce the results of the 1987-88 competition for financial assistance under the Visiting Foreign Artists Program administered by the Canada Council in cooperation with the Department of External Affairs. You will find enclosed the official Notification of Award to your institution.

Upon receipt of a statement that the visiting artist has arrived in Canada and a copy of the artist's airline ticket, the Canada Council will reimburse the international travel expenses you may have incurred and release the stipend awarded to your institution for the artist. It is important to note that as this is a residency program, should the invited artist's visit be less than two weeks, the Canada Council will not pay the stipend or reimburse the costs of travel.

All funds will be sent by cheque and made payable to your institution.

Yours sincerely,

Robert M. Kennedy
Head
Arts Awards Service
