- ① Asking for larger %
- ② ~~Canning exclusive~~ other proposals -

\* { - acknowledge Exclusive distribution - ~~acknowledge~~  
 cut - would be appropriate - presumably principle -  
 we'll lose somewhat } - tradeoff - publicity \$ -  
 They'll gain somewhat } energy in promotion  
 \* want larger % - 50:50;

- either acknowledge - them doing work on it -  
 - forgoing -

we are donating energy & losing exclusive rights

- we decided not to ask more \$, or can exclusive  
 but to fight for these proposals -

Fin Focus:

- Cap College after Fin Focus - as many as possible will go
- we keep The original - ~~not the~~ provide DUB for them -

{ - we want advertising costs removed -  
 - shipper  
 - clarify who pays shipping, etc.

- They should pay for their library tape -  
 - we provide dub for distribution from original -  
 - damage, loss -

(2)

- raise principle of distribution being similar to production -
- mailouts - fairly passive -
- not updated list -

Q - if even with distributing w/ \$ in Focus have to send out promotion - if all self-distribution where time - if promo. - contact Amelia productions - source for us to have distribution network -  
 - their cost - printing + mailing -

Q any of the others better job -  
Video Inn - internationally - not where distributed  
 (library) \$ in Focus  
Idera - other groups -

Proposals:

Accept exclusive distribution on proposed tapes:

They get revenue + contracts

- ① w/ provision on UARC
- ② work to develop audience for ea. tape - accept ~~costs~~ <sup>of tape</sup> and monetary resp. such printing + mailing costs involve -
- ③ ~~\$ for~~ we reserve right to ~~self-distrib~~ <sup>self-distrib</sup> buton:

~~\_\_\_\_\_~~  
 sales, rentals, showings, promo at our discretion + all revenue from the above

- ④ see list + kept informed of who <sup>mailing to</sup> } - Mother's Day  
 - UARC  
 [ distrib. repts / every 6 mths → \$ ]

Bay { ~~Proposals~~ Proposals: ① accept exclusive distribution for ~~the~~  
 Q's { ~~tapes~~ tapes  
 ① if mailing list comprehensive ok - propose expansion  
 if not ok  
 \* ③ equipment - clear re: use before proposals - ~~do~~ work exchange - ?

- local competition - rather than diff. video places competing for distribution out could be for access to our stuff -  
 - define distrib. through audience - tu + working F's tapes: wider audience  
 - accept argument that feminist dist. network important + they are dependent on revenue - so when our concept of audience links up w/ their network.  
 S. • can see point of view but distribution: = to widest audience  
 create fem. dist. network  
 same argumt for feminist production network

- places where people could use info - discuss - build struggles  
 - distribution system: directed to institutionalized groups - contact - which groups get tape to -  
 - if can't dist. outside - mailing list to groups - variety of grps - F's studies to community based groups.  
 \* getting them to where used + discussed - cuts out mailing list as priority - F's Studies SFU - of limit.

E. - limitation is dist. to F in Focus - no other network -

Q - both self-distribute + extension of mailing list - ~~that term to~~ whether interested in developing specific audience through financial resp. - do work for us -

- whether right to rent tapes ourselves - exclusive }  
 org. distribution }  
 RENT, CHARGE out own costs } distribution - }

①

- ① Signing for accounts - need to copy VDT tape to start it -
  - drafting letter to Ian Edgar will re formal uses -
  - \* up in air
  - dubbing VDT tape: Sarah Davidson will do it -

- ② VDT - meeting by Patty for Dem to reactivate organizing around VDT's -
  - write letter to each of them -
  - Patty Lane - discussed giving a tape -
  - basically a preview - unclear that just a VDT meeting for organizing -
  - should be clear about difference around showing + preview -

① Billie: phone Patty Lane - thank her

② letters to unions →
