

ATTENTION

Vancouver is a city that we are proud to live in.

ARE YOU aware that our city is about to be ruined by a menace of frightening proportions ?

Vancouver has become known as a " Gay haven " and is now attracting homosexuals from all across Canada.

Only five years ago Vancouver had a gay population of 50,000.

TODAY there are between 100,000 to 200,000 Gays in Metro Vancouver.

There are well over one million homosexuals in Canada.

If many of these move to Vancouver, it is easy to see that our city could one day become dominated by homosexuals.

Will Vancouver become San Francisco North ?

Lets look at the TRUE FACTS about homosexuality :

Many people think that you can always tell when a person is homosexual.

This is simply NOT TRUE. The obvious homosexuals, the fairy and butch types,

make up only 20 % of the total homosexual population. Many homosexuals are still in the closet. Many homosexuals are married or have dates as a cover.

These homosexuals are very careful to hide their homosexuality from other people. you pass many homosexuals on the street each day without realizing it. Some of your friends, relatives, and co-workers are secretly homosexual.

Is it possible to cure or change a homosexual ?

It is impossible to change a real homosexual. Once a homosexual, always a homosexual. This has been proven by countless studies which have had little success in trying to change homosexuals.

Why is homosexuality DANGEROUS ?

Homosexuality is dangerous. Homosexuality can spread. A person can be converted to homosexuality at any time. YOU could become homosexual tomorrow if there is a homosexual around you or if you have a homosexual relative.

Thus homosexuality could end the existence of the human race.

Homosexuality is like a contagious disease that must be wiped out.

There is only one solution. Homosexuals must be killed. Otherwise they will overrun the world. These Queers must be stopped.

Homosexuality is an abomination against God. Homosexuals, directly or indirectly, are responsible for all the major problems in the world today.

Now these queers are abducting our children. These queers are seducing, raping and killing our children. YOUR son or daughter could be next.

NOW is the time to stop these sick perverts. You must protect your children against these queers who want to take over.

What can you do ? Lobby your MP for laws making homosexuality illegal. Lobby to have the death penalty returned for any person convicted of being a homosexual.

Meanwhile, if you see a queer on the street and there are no witnesses around, beat that queer so that he will never walk again. The Nazis knew what to do with queers. God is on your side. Remember, the only good queer is a dead queer.

It is bad enough that we must put up with a lot of Asians, Blacks, Jews and other filth. Must we also tolerate Faggots ?
