### 1. Conference Background:

#### 2. What we will do -

- Plenary discussed - day of action - Spring: so happening → coordination - not firmly functioning -

- LARE in Toronto -

- file → <sup>who</sup> Right is -

- better understanding of The right - who / how - a lot of anti-Rwactivity - ignores question of lesbianism - better understanding coming out of it -

- lesbian rights; create visibility -

- we understand our links - outreach - who we stand with -

- get together who we perceive to be Rw - what they are doing -

- who, educating; grassroots stuff - unknown → street organizing

- have not yet directly attacked us here - can go on offensive →

- educate our allies - take it up ourselves w/ support -

- offensive - part of beginning -

- visibility -

- define the enemy, outreach, visibility, reaching out,

- excited by conference - want to be part of it → group not being one shot day of action, fight everywhere

# election

- coalitions, ~~or~~ org. unit, group
- specific ideas -
- \* - media watch - clipping file - centralized - decide on what clips - who/activities - 30 mags - how mobilizing -
- Education - <sup>our</sup> selves → spreading to ♀ not in meeting, public spe wherever people will listen - door to door - pamphlets - coming out
- \* - mobilizing - Silva: image - making
- Rape belief ransacked - next day letters from KKK -
- visibility, security
- ♀'s murk, lesbianism → BLOFR public supt. → open ♀'s movement etc - open up through our organizing - anti-rape movement → contacts -
- new ♀
- defining The enemy - supt. group -
- fear, anger, fit stuff together w/ other ♀ - KKK scary, can be too reductionist - Canada: climate created, cops move in for direct repression - anti-racism bringing in other ♀ -
- workshop, reactions → customers get angry, leaks, KKK poster -
- define the right - not just KKK - who enemies are: attack first - not feel defenseless
- coming out → like Toronto - homosexuality - determined by 5 - not enough on why ♀ come out at 25
- define the right - might be too narrow so far → deportations hospital - anti-racial comments -
- \* - Security - visibility -
- nervous, credibility really important - part of writing leaflets and pamphlets - appeal on different levels → speak their language → Quantlan
- community in TO drawn together - only ♀'s clubs closed -
- fear - work done by ♀'s groups - fighting right - how link where we are - also other groups -
- Rolling Stone - 17,000 members KKK, 100,000 supts - we need to org. → no affiliation
